Our customers speak for us...

Thank you for working at our wedding. It was so nice working with you and you provided us with everything we asked for, a mix of photojournalism and traditional photography. It was so nice that you were with us almost the entire day. You worked with us so well. Our album turned out exactly how we wanted it and the pictures were great. Thanks again for a great job. It was a pleasure working with you.

Our customers speak for us...

Before the wedding (They live 3 states away and booked us over the phone after viewing the website)

Hello Mark, Thank you for your quick response. I am very interested and I admire your wedding packages. I appreciate you giving me that information and I would love to have you as our photographer!!!

After the wedding

My husband and I wanted to compliment Mark of Excellence Photography on their exceptional performance with our wedding photography. From start to finish Mark and his crew were there to offer us what we needed, and the professional quality we desired. Mark was very easy to work with, and with us living out of state, that was very much appreciated. Our entire family enjoyed his warm personality and ability to produce such great portraits.

His quality is second to none and we would highly recommend him to anyone needing any kind of professional photography. Thank you again for giving us such great memories.

Our customers speak for us...

Ronda picked up the album and brought it over to show me and it is beautiful. It is the best I've ever seen, not only because it is my son's wedding, but just the way it is laid out is great. You did a wonderful job on it. Wedding albums sure have come a long ways since I was married 28 yrs ago. I was also amazed at the parent's albums, nothing at all what I was expecting. They are wonderful, too. Thank- you Mark for a job well done. Sandie Smith - (mother of the groom)
